AYNUR ER BILIR

Ophthalmologist with a focused academic interest in oculoplastics, ocular oncology cornea and refractive surgery, and AI-driven ophthalmic research. Her work centers on integrating machine learning and image analysis into clinical practice, supported by experience in experimental and translational models including rat and cadaver studies, as well as tissue engineering approaches. She aims to contribute to innovative, high-impact research in ophthalmology while maximizing

Experience

- **General Ophthalmologist** *(current position)*
  - Edirne Sultan 1. Murat Sate Hospital
- **FEBOphth**
  - October 30, 2024- Fellow of European Board of Ophthalmology
- **PhD Student**
  - 2019-2021: Marmara University, Faculty of Metallurgy and Material Sciences Engineering, Biomaterial PhD program
- **General Practitioner- Medical Doctor**
  - 2018-2019: Uskudar State Hospital- Department of Emergency and Critical Care Medicine
- **Intern Doctor**
  - 2017-2018: Marmara University, School of Medicine
- **Clinical Observer:**
  - July 13- August 14, 2015- Brigham and Women's Hospital, Harvard School of Medicine, Department of Surgery, Section of Plastic Surgery Supervisor: Prof. Bohdan Pomahac and Prof. Elof Eriksson
- **Clinical Observer:**
  - July 14-August 15, 2014, Yale School of Medicine, Department of Surgery, Section of Plastic Surgery- Supervisor: Prof. John Persing
- **Co-chair:**
  - September 2014-2016, of the Student Research Club of Marmara University, School of Medicine

Education

2021-2025: Afyonkarahisar Health Sciences University, Department of Ophthalmology

2012-2018: Marmara University, School of Medicine

ACHIEVEMENTS

- May 2026, DCERF Fellow of ARVO 2026
- January 2026, SOE 2026 Educational Grant
- October 30, 2024- Fellow of European Board of Ophthalmology Exam
- March 21, 2021- Degree in Turkish National Medicine Specialization Exam
- May 28-30, 2015-Member of Scientific Committee of MASCO 2015 (Marmara Student Congress)
- March 2015- Booklet of Physical Therapy Exercises for Pectus Excavatum Patients*(The subject activity has been held in Turkish)*
- May 2014, member of MASCO 2014 (Marmara Student Congress) scientific program committee
- January 17-19, 2014, Best 3rd poster in National Marmara Pediatrics Congress, Mujdat Basaran Award, Pectus Excavatum and Pectus Carinatum: Family History, Possible Risk Factors and Associated Conditions*(The subject activity has been held in Turkish)*
- January 2014, Booklet of Chest Wall Deformities for Patients*(The subject activity has been held in Turkish)*
- August 2013, Plastic Surgery summer internship in Marmara School of Medicine; Department of Plastic, Reconstructive and Aesthetic Surgery.
- July 1, 2013, Founder of Thoracic Surgery Student Research Club
- July 2013, Thoracic Surgery summer internship in Marmara School of Medicine; Department of Thoracic Surgery
- June 2013, Biochemistry internship in Marmara School of Medicine; Department of Biochemistry
- October 2012, Exempted the English Preparation Class and started first class in Medical School
- June 2012, Degree in University Acceptance Exam and achieved in being 0.1%, out of 2,500,000 high school graduate
- September 2011, Degree in Cambridge English: First (FCE)
- April 2009, qualified to attend to TÜBİTAK (The Scientific and Technological Research Council of Turkey) National Biology Olympiads

MEMEBERSHIPS:

- Association of Research and Vision in Ophthalmology
- American Association of Ophthalmology
- Turkish Association of Ophthalmology
- American Society of Cataract and Refractive Surgery
- European Society of Cataract and Refractive Surgery
- Women in Ophthalmology
- ORBIS- International
- YoungMD Connect
- American Society of Ophthalmic Trauma
- International Society of Ocular Oncology

THE PAPERS IN THE JOURNALS:

- BMC Ophthalmology, February 2026-Artificial intelligence–assisted quantitative evaluation of upper eyelid blepharoplasty outcomes in dermatochalasis: methodological validation and clinical correlation -
- Turkiye Klinikleri Oftalmoloji Dergisi, January 2026- Choroidal Vascularity Index in patients with Papulopustuler Rosacea, A localized skin disease
- Journal of Photodiagnosis and Photodynamic Therapy, June 2025- Photodiagnosis with deep learning: A GAN and autoencoder-based approach for diabetic retinopathy detection

- Cureus Journal of Medical Science, April 2024- Evaluating Turkish Readability and Quality of Strabismus- Related Websites
- Journal of European Eye Research, March 2024- A retrospective Overview of Scientific Researches of Turkish Female Ophthalmology Academics: Is there a gender discrimination?
- Journal of Clinical Medicine of Kazakhstan, June 2023- Accesing disease information via smartphones: A senile macular degeneration investigation in over-65-year-old patients
- Journal of Photodiagnosis and Photodynamic Therapy, June 2023- Optical coherence tomography angiography aspects of the retinal and optic disc microvascular morphology in erythemato-telangectati rosacea
- Journal of Photodiagnosis and Photodynamic Therapy, March 2023- Is it useful to do OCTA in coronary artery disease patients to improve SYNTAX-based cardiac revascularization decision?
- Van Medical Journal, October 2022- The Readability of Level of Websites Regarding COVID-19 Ocular Findings: An Internet Based Analysis
- Korean Journal of Thoracic and Cardiovascular Surgery, February 2016- Pectus Excavatum and Pectus Carinatum: Family History, Possible Risk Factors and Associated Conditions
- Tıp Eğitimi Dünyası Journal, January 2015- Summer Intership Program Organized by the Student Scientific Research Club of Marmara University Faculty of Medicine: A Satisfactory Survey Study

THE PAPERS IN THE PROCEEDINGS OF SCIENTIFIC EVENTS:

- December 19-21, 2025- Poster Presentation- Theamatic Approaches in OCT-Angiography Age Related Macular Degeneration- Turkish Association of Ophthalmology, Medical Retina Days Symposium
- November 19-23, 2025- Oral Presentation- A Descriptive Analysis of Strabismus Research in 2024: Trends and Priorities- Turkish National Ophthalmology Meeting *(The subject activity has been held in Turkish)*
- May 3-5, 2024- Poster Presentation- Morning Glory Syndrome and Associated Epiretinal Membrane Case Report- Turkish Association of Ophthalmology, Spring Symposium
- September 8-12, 2023, Video Presentation- YO Session- Meeting of the ESCRS (European Society of Cataract and Refractive Surgery)
- November 2-6, 2022- Oral Presentation- Evaluation of Strabismus associated Websites Readability and Comprehension- Turkish National Ophthalmology Meeting *(The subject activity has been held in Turkish)*
- November 2-6, 2022- Poster Presentation- The Readability Level of Websites Regarding COVID-19 Ocular Findings: An Internet Based Analysis- Turkish National Ophthalmology Meeting
- November 25-29, 2015, Poster Presentation in National Gastroenterology Congress of Turkey, Evaluation of Vagal Activity in Crohn Disase Patients with Disease Activity
- June 2015, Marmara Medical Journal, Evaluation of Vagal Activity in Crohn Disase Patients with Disease Activity
- May 28-30, 2015-Oral Presentation in MASCO 2015(Marmara Student Congress), Evaluation of Vagal Activity in Crohn Disase Patients with Disease Activity
- March 8-9, 2014, Oral Presentation in CTF Science Days (Cerrahpasa Medical Faculty, Student Scientific Research Club Congress), Pectus Excavatum and Pectus Carinatum: Family History, Possible Risk Factors and Associated Conditions *(The subject activity has been held in Turkish)*
- January 17-19, 2014, Poster Presentation in National Marmara Pediatrics Congress, Pectus Excavatum and Pectus Carinatum: Family History, Possible Risk Factors and Associated Conditions*(The subject activity has been held in Turkish)*
- May 23-24, 2013, Oral Presentation in MASCO (Marmara Student Congress), The Effects of Childhood Intension on Studying Medicine *(The subject activity has been held in Turkish)*

COURSE, CONGRESS AND SYMPOSIUM

- December 19-21, 2025- Turkish Association of Ophthalmology, Medical Retina Days Symposium
- June 20-21, 2025- Oculoplastics Cadaver Course, Turkish Association of Ophthalmology
- April 11-13, 2025- Neurophthalmology April Course, Turkish Association of Ophthalmology
- May 3-5, 2024- Turkish Association of Ophthalmology, Spring Symposium
- November 8-12, 2023-Turkish National Ophthalmology Meeting
- March 18-19, 2023- 26th Esat Isik Interactive Optics, Refraction and Low Vision Rehabilitation Course
- November 3-4, 2022- Image Processing and Artificial Intelligence Skill Transfer Course, Turkish Association of Ophthalmology
- April 16, 2022- Basic Phaco Techniques Skill Transfer Course, Turkish Association of Ophthalmology
- April 1-3, 2022- Optics, Refraction and Refractive Surgery- April Course, Turkish Association of Ophthalmology

April 3-6, 2014, Attendancy to Annual Meeting of the ASCVTS (Asian Society for Cardiovascular and Thoracic Surgery Congress)
